## Environmental Grants

To encourage citizens to take action for the environment, the City of Vaudreuil-Dorion has established several grant programs related to waste reduction, air quality improvement, drinking water conservation and the planting of trees and plants.

**City of Vaudreuil-Dorion, QC** to help citizens add a radon mitigation system to their homes, the City will reimburse 50 per cent of the cost of installing a radon mitigation system to a maximum of \$500 per residence if a long-term radon test shows radon levels above 200 Bq/m<sup>3</sup>. More details can be found here: <https://www.ville.vaudreuil-dorion.qc.ca/en/environment/protection-of-the-environment/environmental-grants>

*In Alberta*, The Seniors Home Adaptation and Repair Program (SHARP) provides low interest loans to qualifying seniors who wish to improve their homes for any purpose, including radon mitigation. In some case if a senior fails to qualify for a loan a grant may be given. Funds are available up to \$40,000 if the applicant has sufficient equity in their home and meets certain other criteria. More information is available online here: <https://www.alberta.ca/seniors-home-adaptation-repair-program.aspx>

There may be other loans which will include radon mitigation, we are investigating these and will be listing them on our website as we have confirmation.

## How can Tarion help?

Ontario's new home warranty provides coverage for radon for seven years.

If your home is less than 7 years old and you want to find out if your home is eligible for radon coverage, contact Tarion.

Useful videos and information on radon can be found on [www.tarion.com](http://www.tarion.com).

*In Ontario, [Tarion Warranty](#) covers new homes for the first seven years after construction.*

If homes test above the Health Canada guideline then the warranty program covers the cost of the radon mitigation system if installed by a C-NRPP Professional.

## LUNGS MATTER

Financial support for  
home radon  
mitigation

Radon is the second-leading cause of lung cancer in Canada...it can also be
